## **Work Experience**

### **Tripjack Pvt. Ltd. (via Supersourcing Technologies Pvt. Ltd.)**

Connaught Place, New Delhi, India

*Software Development Engineer (Fixed-Term Contract)*

Nov 2024 - Feb 2025

- Engineered the 'Pluto' dashboard for Hotels booking using React and LESS, for high-volume B2B traffic.
- Integrated Google Analytics 4, enabling precise tracking of page load latency, search failures, and conversion funnels.
- Optimized critical rendering paths and resolved complex state management bugs, resulting in reduction in page load time for hotel search results.
- Accelerated feature delivery by driving Agile workflows and streamlining Jira/GitHub for cross-functional teams.

### **Indian Oil Corporation Ltd. (via Maxworth Electronics Pvt. Ltd.)**

Kidwai Nagar, New Delhi, India

*Software Developer*

Mar 2024 - Oct 2024

- Developed full-stack web applications for Indian Oil Corporation Ltd. using React, Tailwind CSS and Servers.
- Developed iSmart web portal for IOCL leadership, migrating legacy views to a responsive React/Tailwind architecture.
- Developed dashboard for real-time reports, ensuring strict compatibility with government servers & security protocols.
- Proactively identified and resolved issues through thorough debugging, ensuring application stability.

### **Vaionex APAC Pvt. Ltd.**

Noida, UP, India

*Frontend Developer*

Feb 2023 - Mar 2024

- Developed and maintained full-stack web applications using Next.js, React, and Tailwind CSS.
- Integrated OpenAI APIs, Supabase, & Firebase (GCP) to enable AI-powered features, auth, & real-time data management.
- Worked in an Agile environment with cross-functional teams, using GitHub for version control, & code reviews.
- Identified and resolved issues & bugs through structured debugging and testing, ensuring smooth user experience.

### **Trendsetters Skill Assessors Pvt. Ltd.**

Gurugram, Haryana, India

*Frontend Developer*

Jul 2020 - Oct 2021

- Revamped the company website, enhancing performance and user experience by 25%.
- Managed backend operations using Firebase and Firestore for seamless data handling.
- Implemented responsive design, ensuring cross-device compatibility.
- Participated in code reviews to maintain high-quality standards.

### **Independent Frontend Consultant**

Remote

*Senior React + Next.js Developer*

**SSYSstem PG**

Remote (Gurugram, Haryana, India) | Oct 2025 – Dec 2025

**Novathes GmbH**

Remote (Hamburg, Germany) | May 2025 – Sep 2025

**Veerpath Defence Academy**

Remote (New Delhi, India) | Mar 2025 – Apr 2025

**We Code For You**

Remote (New Delhi, India) | Oct 2022 – Dec 2022

## Projects

---

### **Elba - Communication Platform | Novathes GmbH**

- Built scalable dashboard with AWS Amplify backend serving multiple practices and Google Calendar synchronization
- Developed automated onboarding workflow using AWS Lambda functions and Cognito user management, streamlining practice setup and reducing administrative overhead
- Created role-based access control system with secure authentication flows and business hours management interface integrated with external calendar systems
- Collaborated with teams to enhance Elba management and n8n agentic workflows

### **Novathes Business Website | Novathes GmbH**

- Developed comprehensive marketing website using Next.js 15 with multiple landing pages showcasing company portfolio and Elba features
- Built multi-form lead capture system with newsletter signup, waitlist registration, and combined subscription options, streamlining user acquisition workflows
